**DETAILED ACTION**

***Election/Restrictions***

1. Applicant's election with traverse of Group I in Paper No. 4 is acknowledged.

The traversal is on the grounds that there is no burden on the examiner is not persuasive. This is not found persuasive because the examiner would have to search additional classes and subclasses, such as 29/596 for the method of making limitations.

The requirement is still deemed proper and is therefore made FINAL.

2. This application contains claims 16-24 drawn to an invention nonelected with traverse in Paper No. 4. A complete reply to the final rejection must include cancellation of nonelected claims or other appropriate action (37 CFR 1.144) See MPEP § 821.01.

***Claim Rejections - 35 USC § 102***

3. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

4. Claims 1-15 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Crowell et al.(Crowell)(US 5,859,482).

***Response to Arguments***

5. Applicant's arguments filed 3/19/02 have been fully considered but they are not persuasive. The Applicant's argument that Cromwell does not teach fingers extending from the notched side is not persuasive. The extensions on the spacer bar 152 are fingers which extend from the spacer bar and which form notches between the fingers to hold the cooling tubes therein. The rejection is proper and maintained.

***Conclusion***

6. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
